授業の概要	This class will provide a structured format to prepare for the TOEIC Speaking and Writing Tests. In this course, students will explore a range of test content and language usage that are common in TOEIC tests and also in daily life. Original test items be made by the students based on TOEIC test question formatting.						
達成目標 (授業の目的)	This course aims to help students develop an understanding of test item forming and topics presented in the TOEIC Speaking and Writing Tests. Students will learn the forming of each question type and will work with their peers to then critically analyze the answers they provided. The TOEIC test questions and student answers will also be discussed with peers and the instructor. English language skills will be developed in parallel to examination of TOEIC content.						
到達目標 (学修成果)	By the end of the course, each student should be able to identify and provide answers for all question types on the TOEIC Speaking and Writing Test. Students will then be able to create original test questions in the appropriate format. Participation will include test item creation (TIC) and Critical Thinking (CT) activities that will promote discussion skills and help prepare students for a set of 3 mock TOEIC tests . Preparation for each class will include homework and TIC tasks.						
評価方法	Participation and performance in classroom activities, including discussions, CT tasks and TIC content created by the students (20%); Homework assignments drawn from the textbook (25%); Test Item Creation , during and outside of class, focusing on creation of properly formatted test questions (25%); Testing and assessment , including 3 mock-TOEIC Speaking and Writing Tests (30%).						
評価基準	Participation and performance: active involvement every day, TIC content (developed in-class and at home) and CT task content (reference TOEIC Test question formats), effort to use English; Homework (HW) : completed thoroughly and on time, use of test formatting; Test Item Creation (TIC) : completed thoroughly and on time and for use in class (e.g., in pair work and small groups); Mock-Tests : completion of each test and response to feedback from teacher and peers.						
準備学修の時間	For each 100-minute class session of this course, an average of 45 minutes is needed for out-of-class study (assignments, review, etc.).
